Re: Strathcona County 2025 Off-Site Levy Rates

BILD Edmonton Metro is a non-profit organization representing over 500 companies in the building and development industry. Our members are committed to shaping our region to ensure more people and businesses choose to live, invest, and thrive here.

BILD-EM has reviewed the updated 2025 Off-Site Development Levy information and confirms our support of the updates relative to water, wastewater, storm water drainage and transportation.

While we support the above changes, we are also looking forward to continued conversations regarding the use of levies to fund other important infrastructure in Strathcona County. We appreciate and trust that Administration will continue its excellent collaboration with industry members to determine the necessary approach to support timely development.

Thank you for your efforts with the update and we look forward to our continued collaboration between our industry and County administration.

Sincerely,
