BEST IN COMMUNITY DEVELOPMENT AND HOMEBUILDING HONOURED AT ANNUAL AWARDS OF EXCELLENCE: WINNERS REVEALED

Edmonton Metro Region – BILD Edmonton Metro hosted its annual Awards of Excellence gala on March 14, 2026 at the Edmonton Convention Centre, presented by Star Mechanical. The remarkable achievements of builders, developers, renovators, sales professionals, marketing teams, and more, were showcased to an audience of 1,400 members, allied organizations, and stakeholders.

“Each year, this event brings together the very best of our industry – the visionaries, innovators, and collaborators who are shaping the future of the Edmonton Metro Region,” said Kalen Anderson, CEO of BILD Edmonton Metro. “The finalists and winners are helping to shape communities and build homes where people can live, invest, and thrive in.”

This year, we received over 600 submissions, with only 257 chosen as finalists. Across 10 categories, 85 awards were presented, honouring the industry’s very best.

“The real winner is our region,” Cantiro Communities President Katrina Rowe.

As Chair of BILD Edmonton Metro’s Board of Directors, Rowe emphasized that our members are advancing choice, affordability, and innovation in the homes they build, and in the vibrant spaces and places they help shape.

In her opening remarks, she reminded guests that while the challenges facing the region are complex – from housing supply and affordability to infrastructure, talent, and investment attraction – but they also present opportunity.

“Our members continue to lead with creativity, collaboration, and resilience. Together, we are unlocking the full potential of our region.”

The theme of the evening was Champagne Soiree – an intimate look into the streets of Paris, which included a curated, three-course dinner and specialty drinks, live entertainment, French-inspired activities, and an afterparty, sponsored by Premier Built Garages.
