Safety Excellence:

- All companies managed by one main safety contact must enter collectively under one company name. The submission must include a WCB Employer Premium Rate Statement (PDF) for all companies that are part of your entry. The WCB and COR information from each company must be included. The totals from each company will be averaged by BILD Edmonton Metro and used in the entry.
- All companies operating under a single safety program, with the same WCB account number across all builder brands, will be able to use the points earned from placement as a finalist towards the tabulated awards, provided they disclose that intention to BILD staff via email prior to the awards deadline.

Builder of the Year:

- Large volume builders are the ones that complete more than 75 units in the specified time frame.
- Small volume builders are the ones that complete less than 75 units in the specified time frame.
